

June 12, 2024

Cathy Tomm joins us today from Alberta to share her lecture **“Happy Scrappy”**.

Cathy will share information about how she works with scraps to create beautiful quilts. She will describe how she sorts and stores her scraps so they are easily accessible and useful in making quilts. She will share lots of ideas to encourage quilters to get started or to find new strategies with scrap quilting.

Cathy will be sharing this lecture at Quilt Canada in Edmonton in June 2024.
