

Notes, Suggestions & Pattern Downloads

I Spy Bean Bag

It's helpful to include a laminated list of the items within the *I Spy Bean Bag*.

Bookmarks

In the tutorial regarding the bookmarks, the designer says that since writing the instructions she thinks the *Fast2Fuse* is too thick so she uses *Décor Bond* when making snippet items. You should use the products you are comfortable with and have on hand.

Mini Scissors Case

The pattern for the scissors case can be downloaded from the link.

Patchwork Wine Bag

Feel free to use other patchwork patterns or orphan blocks you have on hand for this bag.

Matching Memory Game

You will have a neater finished product by fusing the prints to the felt before sewing. Also, pull all the threads to the back and bury them or use a product like Fray Check on the ends.
