

**Back-Basting Appliqué
by
Machine Workshop**

Join instructor Barb Eikmeier, author of *Back-Basting Appliqué, Step by Step* for her 3-hour workshop on Saturday December 3, 2022. Stitch a lovely zig-zag appliqué without using fusible interfacing or freezer paper. Students will work on a 12" (finished size) traditional appliqué block in class, although the technique can be applied to many kinds of designs. This is a raw edge technique where the fabric remains soft and pliable.
