

Scrappy Blocks Workshop

Instructor: Barbara Pye

Date: Saturday, September

Time: 9:00 – 3:00 EDT

Location: Online via Zoom

Cost: \$36

Note: *Participants will need to purchase a copy of an e-book at a cost of \$11.00 US, details of which will be provided in the supply list.*

Workshop Description:

This 6-hour Zoom workshop is a technique and skill building workshop where participants will make individual quilt blocks with a focus on using scraps and strips. The class is suitable for all skill levels, beginner to advanced. Barbara will share a variety of strategies, tips and techniques to build or consolidate your skills. Rather than making one quilt, participants will learn how to make 4 unique quilt blocks using their scraps. Following the workshop, participants will have the skills needed to confidently make all 4 quilts, so they can then choose which blocks they might wish to complete to make a finished quilt.

Participants will learn how to

- cut, store and organize scrap fabrics
- effectively and accurately cut strips
- benefit from chain piecing and using an accurate $\frac{1}{4}$ inch seam
- use colour and value to choose fabrics that co-ordinate
- use the folded corner technique (stitch and flip)
- cut and sew 4 different quilt blocks – each featuring unique skills and techniques
- gain the confidence to use their stash of fabrics to create a lovely quilt(s)
