Grace Cameron – *Purses*

“I started making quilts around 2010. I really enjoy the process but, when the pandemic hit in 2020, I decided I needed to do something that was quick and useful at the same time. My friend, Arlene, introduced me to bag making – that's it!! I found my niche!! Once you know the basics of making a really good tote bag, it doesn't take much to modify it to create a bag that you really like. Maybe wider straps or more pockets! Need a quick gift for someone special? It's so much fun”

*Pictured above is a purse and tote Grace made for Bonnie Murdoch in the Craft Exchange.*
