

Jennie Rayment
July 6, 2022
Christmas In July – Christmas Creativity and Fabric Frippery!

Our day will focus on activities, videos and a lecture featuring the topic Christmas in July.

In the afternoon we are fortunate to have Jennie Rayment from England joining us. She describes her lecture as *"Let's go crackers for Christmas!"*

From Starry Candle Mats, bags and wall hangings to

Pods and Fancy Fandangos, this is a lecture demo for all. Jennie will take us through a wide range of creative projects ideal for the festive season. Listen, learn and enjoy a host of ideas, watch full demonstrations of various different designs along with some amusing tales of fabric fun.

Jennie Rayment is a world renown tutor, lecturer and author of eleven books. She describes herself as a slightly whacky Brit who is a TV demonstrator and educator both in UK and USA. Her lighthearted manner yet ingenious ideas have appealed to many thousands of people. Jennie's work has been exhibited in galleries and at exhibitions from Japan to Australia and all other parts of the world in between. She is a trained teacher, and her clear and concise presentations are always enjoyed along with her humorous method of conveying salient information.

This is a unique and fun day you won't want to miss.
